

Dear Riverside City Council and Planning Commission,

I'm writing to request denial of the Magnolia Flats housing project on Banbury and Magnolia Ave. I request not to put a housing project because there are cars that drive too fast and could hit a child. It's too dangerous for the children, our neighborhood and my family.

Please do not approve the Magnolia Flats project for the health and safety of our families, our children and the neighborhood.

Sincerely,

Jose Campos
